President and Founder

Let us answer a few questions you may have...

If the school were to be summarized in just one word, what would it be?

Brewer Christian College is all about "relationships". Brewer Christian College is grounded in the covenant relationship that we have in Christ and built through personal relationships cultivated by The Word of God. Every student, staff and faculty member is an important part of our community; we want to invite you to join the family.

Why the name "Brewer Christian College"?

Brewer Christian College was built and named with the central theme of family, represented by both flesh and blood and in the Kingdom of God. Founded by Drs. Kenneth and Mary Jane Brewer alongside their son Chris, the school has been built as a monument to what God can do when a family that has chosen to serve the Lord is faithful to His calling. Faculty and staff are not only united in the mission of providing quality, Biblically based academic programs, but are bonded together as brothers and sisters in the family of God. So who is the school named after ...family, a family that we would be honored to have you become a part of.

What about academics?

Brewer Christian College academics are about life transformation, not simply information transferal. Every class is challenging, when you are enrolled as a student you will work hard. The difference is that each of our courses is designed to be immediately applicable to your current ministry and prepare you for ministry opportunities to come. Even the general studies requirements are grounded in the concept that we are preparing you to write speak and even do math for ministry!

Does Brewer Christian College have a resident program?

Brewer Christian College offers limited courses at our home campus in Jacksonville, Florida. The Jacksonville location offers traditional classroom oriented education that is complemented by our online program and online learning resources.

An online program where online students are first and foremost!

Brewer Christian College is completely online and serves no greater purpose than developing courses and experiences that build online community. At Brewer you are important ... everything we do is in your best interest. Brewer celebrates community through online corporate worship. Services are specifically designed for an online worship experience. Our goal is participation; everyone has a voice and every voice is important. You are invited to join us for our weekly chapel services at <http://www.onlinechapel.org>

Philosophy and Statement of Faith

As an independent, educational ministry, Brewer Christian College is thoroughly Biblical in its philosophy of education. We affirm the Divine inspiration, truthfulness, and authority of both the Old and New Testament scriptures, in their entirety, and the only written Word of God, without error in all that it affirms, and the only infallible rule of life, faith, and practice. We also affirm the power of God's word to accomplish His purpose of salvation. The message of the Bible is addressed to all mankind, for God's revelation in Christ and in Scripture is unchangeable. Through it, the Holy Spirit still speaks today. He illuminates the minds of God's people in every culture to preserve its truth freshly through their own eyes.

Jesus Christ is the image of the invisible God, which is to say He is Himself very God. He took upon Himself our nature, being conceived by the Holy Spirit and born of the Virgin Mary. He died on the cross as a substitutionary sacrifice for the sins of the world. He arose from the dead in the body in which He was crucified. He ascended into heaven in that body glorified, where He is now, our interceding High Priest.

Mission Statement

Our mission is to provide quality, Biblically based academic programs and one on one mentoring to prepare and equip Christian ministers, professionals, and laypersons, for their religious and professional lives.

Authorization, Affiliations & Certification

Certified Member of the Florida Council of Private Colleges

(FCPC) which represents its member independent colleges and universities before any government and/or educational agency. Brewer Christian College and Graduate School voluntarily and without reservation submitted to the FCPC as an educational association for a thorough and rigorous FCPC Review Team examination. The examination was achieved by qualified experienced educational personnel providing quality peer review examining Brewer Christian College and Graduate School's faculty, verification of academic curriculum and course development with examination criteria, distance learning processes, campus operations, catalogs, brochures, advertisements, application forms, financial, student records and transcripts, and web site. Furthermore student interviews were conducted which determined that the educational learning experience provided true learning in keeping with educational standards of excellence that equaled or exceeded FCPC standards. Because of this, students of an FCPC certified member institution are assured that they are not pursuing a program through a bogus institution or "degree mill." At the same time, the relationship between FCPC and SBICU avoids having the State directly regulate the programs of church-related and other Christian institutions. Our academic programs are designed to be practical as well as academic, equipping the Body of Christ (the Church) by:

- Offering Bible-based programs that increase the student's knowledge of biblical truths.
- Providing quality educational opportunities at a cost within the reach of the average person.
- Creating individual programs of study designed to meet the needs of the individual minister and leader.
- Preparing the "called" student for full-time ministry and lay people for leadership within the local Church.

Undergraduate Studies

Division of Biblical and Theological Studies

The administration and faculty at Brewer Christian College and Graduate School truly believe that “All Scripture is God-breathed and is useful for teaching, rebuking, correcting and training in righteousness, so that the man of God may be thoroughly equipped for every good work.” (II Timothy 3:16&17, NIV). At Brewer Christian College and Graduate School, the Word of God is the foundation of each program of study. All students pursuing an undergraduate degree are required to complete a major in Bible consisting of a foundational core of 29-44 semester credit hours of Bible and theology, and 39 hours of Bible and Theology based professional studies. We believe that every student should complete a Biblical Studies major for the following reasons:

1. We affirm the Divine inspiration, truthfulness, and authority of both the Old and New Testament scriptures, in their entirety, and the only written Word of God, without error in all that it affirms, and the only infallible rule of life, faith, and practice.
2. We affirm the power of God’s word to accomplish His purpose of salvation. The message of the Bible is addressed to all mankind, for God’s revelation in Christ and in Scripture is unchangeable. Through it, the Holy Spirit still speaks today. He illuminates the minds of God’s people in every culture to preserve its truth freshly through their own eyes.
3. The Bible provides the foundation for effective and powerful service to God through vocation in the Church and in the world.
4. The Bible provides an individual with a standard for living a Godly and purpose filled life.

Program Objectives

The following objectives of the Division of Biblical Studies are applicable to all programs offered by Brewer Christian College and Graduate School and are applicable to the programs listed on pages in this catalog. Our goal is that:

1. Students will gain an understanding into the meaning of scripture by applying sound hermeneutics and the necessary exegetical tools and concepts to explore its contents and use their discoveries to develop a sound theological system of its teachings:
2. Students will become proficient in personal Bible study by mastering the tools required for the task.
3. Students will become motivated Children of God who are transformed by the power of the Holy Spirit and serve the Lord Jesus through daily prayer, Bible study, corporate worship, and demonstrate the Fruits of the Spirit in their daily lives.
4. Students will be able to use the standard found in the Bible as a basis for critical and logical decision making.
5. Students will be equipped to share the hope found in Christ with a lost and dying world in order to effectively communicate the Gospel of Salvation.

Through it, the Holy Spirit still speaks today. He illuminates the minds of God’s people in every culture to preserve its truth freshly through their own eyes

Bachelor of Arts in Bible- Youth Ministries Major (120 Credit Hour Program)

Overview

Studying youth ministry at Brewer Christian College will provide you with the tools needed to build a Christ centered program at your church, para-church or youth agency. With real life youth ministry professionals as mentors, our program will work with your local church or ministry to help you become the "equipped" minister that God has called you to be.

- **Firm Biblical Foundation-** Our youth ministry curriculum is anchored in the Word of God. Using the model of Jesus himself as the Master Youth Minister, our program strives to find His design for every aspect of working with adolescence.
- **Cultural Relevance-** What are the needs of today's young people? If you haven't noticed it's pretty rough to be a teenager right now. Schools have become war-zones. Teen pregnancy is on the rise. Drugs are back in fashion. Yet a revival among our teens is more evident than ever in recent history.
- **Theoretically Sound-** Historically, one of the major weaknesses of the church's ministry to youth has been the disinterest in the insights to be gained from research in the areas of adolescent psychology, educational theory, sociology, communication and the processes of cognitive and moral development. At Brewer Christian College we are committed to making this information an integral part of your studies.
- **Personal Renewal-** At Brewer Christian College we are convinced that the greatest training for ministry is born from personal spiritual renewal and revival. The greatest side effect of studying youth ministry at Brewer is that you may find yourself falling in love with Jesus all over again .

These objectives build on the Biblical and Theological Studies division primary objectives to:

1. Students will gain an understanding into the meaning of scripture by applying sound hermeneutics and the necessary exegetical tools and concepts to explore its contents and use their discoveries to develop a sound theological system of its teachings:

Master of Theological Studies/ Youth Ministry

Overview

The Master of Theological Studies in Youth Ministry program at Brewer Christian College will provide you with the tools needed to build a Christ centered program at your church, para-church or youth agency. With real life youth ministry professionals as mentors, our program will work with your local church or ministry to help you become the "equipped" minister that God has called you to be.

- **Firm Biblical Foundation-** Our youth ministry curriculum is anchored in the Word of God. Using the model of Jesus himself as the Master Youth Minister, our program strives to find His design for every aspect of working with adolescence.
- **Cultural Relevance-** What are the needs of today's young people? If you haven't noticed it's pretty rough to be a teenager right now. Schools have become war-zones. Teen pregnancy is on the rise. Drugs are back in fashion. Yet a revival among our teens is more evident than ever in recent history.
- **Theoretically Sound-** Historically, one of the major weaknesses of the church's ministry to youth has been the disinterest in the insights to be gained from research in the areas of adolescent psychology, educational theory, sociology, communication and the processes of cognitive and moral development. At Brewer Christian College we are committed to making this information an integral part of your studies.
- **Personal Renewal-** At Brewer Christian College we are convinced that the greatest training for ministry is born from personal spiritual renewal and revival. The greatest side effect of studying youth ministry at Brewer is that you may find yourself falling in love with Jesus all over again
